

Equine Nerve Blocks and Lameness Workshop

SCHEDULE

DAY 1

8:00	<i>Registration</i>	
8:30	History Taking and Palpation Techniques	Tutorial
9:30	Observations and Flexion Tests	Practical
10:30	<i>Morning Tea</i>	
11:00	Intra-articular anaesthesia	Tutorial
11:45	Ten Intra-articular Injection Sites of the Forelimb	Practical
12:30	<i>Lunch</i>	
13:15	Perineural Anaesthesia of the Forelimb and Functional Anatomy	Practical
15:00	<i>Afternoon tea</i>	
15:30	Palmar Heel Pain, Annular Ligament, Pastern OA and more	Tutorial
17:00	Navicular Syndrome	Practical
17:30	Foals and Weanlings	Tutorial

DAY 2

8:00	Eight Intra-articular Nerve Blocks for the Hindlimb	Tutorial
8:30	Hindlimb intra-articular injections	Practical
10:00	<i>Morning Tea</i>	
10:20	Nine Perineural Injections for the Hindlimb	Tutorial
10:50	Perineural Anaesthesia of the Hindlimb	Practical
13:00	<i>Lunch</i>	
13:45	Stifle OA, OCD & Hock OA, OCD	Practical
15:45	Troubleshooting	Practical
16:30	What can we put into joints	Tutorial
17:30	Finished	

EXCLUSIVE LEARNING OPPORTUNITY

When a horse becomes lame, identifying the exact site of injury can be challenging. A solid understanding of the anatomy of the limb and clinical methods to identify the source of pain are the core of a successful lameness examination.

Perform at your best and gain client confidence after attending this nerve blocks and lameness workshop. If you are a new vet, a mixed practitioner, an equine vet or coming back after a sabbatical and want to improve your lameness repertoire, then this is the workshop for you. Our educators are supportive and know what its like to be in the field diagnosing lameness. They look forward to taking the time to break the process down, share their experiences and help you improve your ability to deal with lameness. We aim to give you skills and confidence to help you day to day with lameness investigation and diagnosis.

EDUCATORS

DR SARAH JALIM

BVM&S, MACVS, FACVS,
Registered Specialist in
Equine Surgery

Sarah graduated from the University of Edinburgh in 2001 and completed a one year internship focused on equine lameness at the Animal Health Trust (Newmarket UK) under world renowned lameness expert; Dr Sue Dyson. This was followed with some private equine practice work in the UK. Dr Jalim came to Australia in 2004 and completed a second one year internship at Goulburn Valley Equine Hospital in Shepparton continuing in an ambulatory and clinic based role at, and then a surgical residency under Dr Jim Vasey. In 2011 Sarah passed the Fellowship examinations in Equine Surgery Australia became a registered specialist in Equine Surgery in 2012. Dr Jalim is now partner of the Victorian Equine Group which runs a surgical based facility and a reproductive facility

DR HADLEY WILLSALLEN

BVSc, MACVSc, DAVVS-LA,
Registered Specialist in
Equine Surgery

Hadley graduated from Sydney University in 2003 and then focused on an internship at Agnes Banks Equine Clinic before working as an associate at Canberra Equine Hospital and Goulburn Valley Equine Hospital. In 2014 Hadley became a Diplomate of the American College of Veterinary Surgeons after completing a 4 yr residency under the supervision of Dr Bryan Hilbert at Charles Sturt University in Wagga. Whilst in Wagga Hadley enjoyed teaching undergraduate students in the clinical setting. Hadley is now working as a consulting specialist equine surgeon with Dr Nick Kannegieter for veterinarians in NSW and QLD. Hadley enjoys all areas of equine surgery but specific areas of interest are treatment of septic synovial structures, abdominal surgery and minimally invasive surgical procedures such as arthroscopy, laparoscopy and standing sinus surgery.

DR JAMIE WEARN

BVSc GradDipVetClinStud
MS Diplomate ACVIM

Jamie is completely dedicated to the best education and practice for equine veterinary surgeons. Dr Wearn completed a residency training program and achieved his diplomate status of the American College of Veterinary Internal Medicine in 2010. Jamie also has a masters from Virginia Polytechnic University and many journal articles published. He has worked in Australia, the USA and England in private clinical practice and referral hospitals as well as on a multinational thoroughbred stud. Dr Wearn is currently the Senior Lecturer at James Cook University, QLD in Equine Medicine and sees referral cases through Townsville Veterinary Hospital.
