EXCLUSIVE LEARNING OPPORTUNITY

Tibial Tuberosity Advancement is the technique choice worldwide for many veterinarians treating cruciate disease in all sizes of dogs. Providing a modern approach to cruciate disease will increase practice profits and maximise patient health. Develop skills in this workshop that are immediately applicable to general practice. If you value the return on your CE investments then this is the course for you!

VetPrac provides Australian Veterinarians with an exclusive opportunity to develop and practice modern and established techniques in cruciate repair. With unprecedented access to elite surgical training equipment, you will have the chance to practice techniques, advance your skills and help your patients better than before. Classes are intimate, providing the ideal environment for building confidence in your techniques.

PRESENTERS

DR ROBERT "JEFF" MAYO

*DVM, Diplomate ABVP,
FAVOS*

Dr Mayo graduated from Oregon State University College of Veterinary Medicine in 1994 with honors. Dr. Mayo holds 5 college degrees from three major universities and has published over 38 titles in allied health science education. In 2007, Dr. Mayo began teaching orthopedic courses throughout the United States and abroad in small animals. He is closely connected to many clinical trials taking place in the development of orthopaedic implants and stem cell therapy as well as GIT diagnostic devices. He also speaks and teaches regularly in Radiosurgery to wide acclaim.

DR ANDREW LEVIN

*BVSc (hons), PgCertVS,
MANZCVS, DACVS-SA,
DECVS*

Andrew completed a rotating internship at the RVC then Louisiana State University. In 2011, he commenced residency at the Animal Medical Center (AMC) in New York. Then moved to Washington DC, where he was a referral surgeon at one of the busiest hospitals on the east coast, before returning to Australia in January 2017.

DR. JACOB MICHELSEN

*BVSc (Hons), BSc (vet),
MACVSc, Graduate
Certificate Management,
DACVS*

Jacob graduated from Sydney University with honours in 1990. Jacob moved to Denmark with his family in 2006 taking a position as chief of small animal surgery at a large hospital. A valued lecture at Charles Sturt University, Dr Michelsen achieved DACVS in 2014 and is partner in the specialist Animal Referral Centre in Canberra.

DR JAYNE MCGHIE

*BVSc MANZCVS
DACVS-SA*

Jayne graduated from the University of Queensland in 1994 and worked as a clinical instructor in small animal surgery at the University of California in Davis, CA and completed her residency in small animal surgery at Murdoch University in 2012. In 2014, she became a DACVS and joined the UQ VMC as a Senior Lecturer in Small Animal Surgery in July 2014.

DR MARVIN KUNG

*BVSc (Hons) MANZCVS
Dip ACVS-SA*

Marvin graduated from the University of Sydney in 2007. Marvin was offered an internship by BVSC then passed his membership examinations in small animal surgery and remained with BVSC, completing a three year residency training programme very successfully. Marvin is now a Diplomate of the American College of Veterinary Surgeons.

DR PENNY TISDALL

BSc(Vet) BVSc FACVS

Dr Penny Tisdall graduated from the University of Sydney and returned to complete a Surgical Residency. She has completed a Clinical Masters in aspects of feline megacolon and has contributed to over 25 published papers Penny obtained Fellowship of the Australian College of Veterinary Scientists in 2002. She has run a successful surgical internship programme and senior lecturer at the University of Adelaide. She is also an examiner in the Australian and New Zealand College of Veterinary Scientists in the surgery chapter.
