# EXCLUSIVE LEARNING OPPORTUNITY

Most of us have a good grasp of hindlimb joint surgeries, but what about the forelimb? This intensive and highly enjoyable experience with 3 of the worlds best surgeons is the perfect way to develop your skills on elbow, shoulder and carpal surgeries. This workshop is designed for general practitioners who have some knowledge of basic orthopaedics.

## **DR BRIAN BEALE**

DVM, DACVS

.....

Brian is a surgeon at Gulf Coast Veterinary Specialists in Houston, an adjunct professor at Texas A&M University College of Veterinary Medicine. He is also host of the weekly radio show Your Pet's Health. Brian graduated from The University of Florida in 1985 and completed his internship in Washington, D.C. followed by a surgical residency at The University of Florida. He became Board Certified by the American College of Veterinary Surgeons in 1991. Dr. Beale was an assistant professor of surgery at the University of Florida College of Veterinary Medicine prior to joining Gulf Coast Veterinary Specialists in 1992. Dr. Beale a co-author of the industry-defining textbook, Small Animal Arthroscopy.

## **DR GORDON CORFIELD**

BVSc FANZCVS

.....

Gordon graduated from the University of Queensland in 1996 with the University medal. He went into mixed practice in Victoria before focusing on small animals in various practices within Brisbane, England and Sydney. In 2003, Dr. Corfield underwent a residency in Perth. In 2008, he became a Fellow of the Australian College of Veterinary Scientists in Small Animal Surgery and Joined Veterinary Specialist Services. Dr. Corfield's particular surgical interests lie in orthopaedics (arthroscopy and joint replacement surgery) and spinal surgery. Gordon enjoys mountain bike riding, skiing and has two adorable Labradors.

## **DR CHRIS PRESTON**

BVSc DACVS FANZCVS

.....

Dr Chris Preston graduated in 93' from Melbourne University and worked in small animal practice before undertaking an internship at Queensland Veterinary Specialists in 96 then a residency at the University of California from 97-2000. Chris owns and runs a referral centre in Melbourne. His primary interests are joint surgery and minimally invasive orthopaedics. Dr Preston has lectured and taught internationally and enjoys teaching. Dr Preston is also the immediate past president of the small animal surgery chapter of the Australian and New Zealand College of Veterinary Scientists.
