EDUCATOR

DR CRAIG BAILEY

BVSc (Hons) MVetClinStud
FACVSc PhD

Craig graduated from the University of Sydney in 1994 and was awarded first class honours and the University Medal. He completed a PhD in veterinary epidemiology in 1998 then worked in small animal private practice in the United Kingdom and Australia over the following three years. Craig undertook a surgery internship at the Northern Sydney Veterinary Specialist Centre in 2001 prior to commencing specialist training in small animal surgery at the University of Sydney in 2002. Craig was Senior Surgery Registrar at the University of Sydney prior to joining North Shore Veterinary Specialist Centre in 2005. In 2006 he also trained at the University of Florida. Craig achieved his fellowships in 2007, becoming a Specialist in Small Animal Surgery. In his spare time, Dr Bailey enjoys surfing, tending to the veggie patch at home and spending time with his young family.

DR SUE GIBBONS

BVSc FACVSc
(Tutor)

Sue is an Australian graduate from the University of Sydney. She completed a Surgical Residency at The University of Queensland, then working at Veterinary Specialist Services in Brisbane. Dr Gibbons is a Fellow of the Australian College of Veterinary Scientists in Small Animal Surgery. She has been a spinal and orthopaedic surgeon in the United Kingdom at Willows Referral Service and now lives in Australia with her own mobile business in small animal specialist surgery.

DR LANCE WILSON

BVSc candidate FACVSc
(Tutor)

Dr Wilson graduated from UQ in 2000 and since then has worked in both mixed and small animal practice. He attained his MACVSc in small animal surgery in 2008, and has worked in the surgery department at UQ since early 2009. Dr Wilson is still excited about all aspects of small animal surgery, but is especially interested in oncological/reconstructive surgery and fracture repair.
