15:00 - 15:15	<i>Afternoon tea</i>
15:15 - 16:15	<i>Practical 6</i> Femoral Head and Neck Excision
16:15 - 17:30	<i>Tutorial 6</i> Understanding Total Hip Replacement

EXCLUSIVE LEARNING OPPORTUNITY

Spend two full days with specialists and explore the multiple ways you can improve your skills and your patients quality of life.

This workshop is designed for veterinarians who want to offer a comprehensive health care program for the lifespan of the animals they care for. Conditions of the hip are important and manageable in general practice.

LOCATION

University of Queensland

Gatton Campus, Clinical Studies Centre

Gatton is the location of the new UQ veterinary clinical teaching facilities. This campus is a beautiful facility, in Queensland's idyllic Lockyer Valley. Accommodation is available on campus. Gatton is located 1 hour outside of Brisbane and is accessible by car and bus. Student accommodation is available or stay locally in Gatton Town for convenience.

PRESENTERS

Speaker

DR. JACOB MICHELSEN

*BVSc (Hons), BSc (vet),
MACVSc (SA Surg), Graduate
Certificate Management, Dip
ACVS (Small Animal Surgery)*

Jacob graduated from Sydney University with honours in 1990. After two years in mixed practice in Victoria, he purchased a practice in south west Sydney, which grew to a four practice group with over thirty staff and a heavy surgical case load. Jacob moved to Denmark with his family in 2006 taking a position as chief of small animal surgery at a large hospital. A position at Charles Sturt University in Wagga Wagga drew him back to Australia. He is now Lecturer in Small Animal Surgery. Dr Michelsen recently achieved Diplomat status at the American College of Veterinary Scientists in Small Animal Surgery.

DR LANCE WILSON

BVSc candidate FACVSc

Lance graduated from UQ in 2000 and since then has worked in both mixed and small animal practice. He attained his MACVSc in small animal surgery in 2008, and has worked in the surgery department at UQ since early 2009. Dr Wilson is still excited about all aspects of small animal surgery, but is especially interested in oncological/reconstructive surgery and fracture repair. Lance's high standard of practice carries into his teaching style and he is known for the ability to make everyone feel comfortable while developing their surgical skills.

DR PETER GILBERT

*BVSc(hons), M Vet SC,
MANZCVS DACVS*

Dr Peter Gilbert graduated from the University of Queensland in 1991. In 2003, he became a member of the Australian and New Zealand College of Veterinary Scientists in Small Animal Surgery. Peter completed his surgical internship at the Animal Surgery Centre in Melbourne and then moved to the Western College of Veterinary Medicine in Saskatoon, Canada to complete a residency and a Master of Veterinary Science in small animal surgery. He became a Diplomate of the American College of Veterinary Surgeons in 2010. Following his residency Peter stayed on as an Associate Professor for 4 years and was chief of service in Saskatoon.
