

# TTA and Stifle Surgery

 **VetPrac**<sup>®</sup>  
PRACTICAL SKILLS FOR PRACTICAL VETS

# SCHEDULE

## DAY 1

8:00	<i>Registration and Coffee</i>
8:30 -9:30	<i>Tutorial 1</i> <b>Stifle Biomechanics and Diagnostic techniques</b>
9:30-10:30	<i>Tutorial 2</i> <b>The Meniscus—Open and cut</b>
10:30-10:50	<i>Morning Tea</i>
11:00 - 11:45	<i>Tutorial 3</i> <b>Improved Techniques for Excap Suture placement</b>
12:00– 13:00	<i>Practical 1</i> <b>Arthrotomy and Meniscal Surgery</b>
13:00 - 13:45	<i>Lunch</i>
13:45-15:00	<i>Practical 2</i> <b>Lateral Fabelotibial Suture Placement</b>
15:10 - 16:00	<i>Tutorial 4</i> <b>Tibial Tuberosity Theory</b>
16:00 –16:20	<i>Afternoon Tea</i>
16:20 - 17:30	<i>Tutorial 5</i> <b>Tibial Tuberosity Technique</b>

## DAY 2

8:15 - 9:00	<i>Practical 3</i> <b>Radiology and the TTA</b>
9:15 - 10:00	<i>Practical 4</i> <b>Medial Arthrotomy and Meniscal Surgery</b>
10:00 –11:15	<i>Practical 5</i> <b>Tibial Tuberosity Advancement</b>
11:15-11:30	<i>Morning Tea</i>
11:30 - 12:00	<i>Tutorial 6</i> <b>Patella Luxation and Cruciate Injury</b>
12:00 - 13:00	<i>Tutorial 7</i> <b>Avoiding Complications</b>
13:00 - 14:00	<i>Lunch</i>
14:00 - 14:45	<i>Practical 6</i> <b>TTA with Patella Wedge Resection</b>
15:00 - 17:00	<i>Practical 7</i> <b>Collateral Ligament Repair and TTA or CCR</b>

---

## EXCLUSIVE LEARNING OPPORTUNITY

---

Tibial Tuberosity Advancement is the technique choice worldwide for many veterinarians treating cruciate disease in all sizes of dogs. Providing a modern approach to cruciate disease will increase practice profits and maximise patient health. Develop skills in this workshop that are immediately applicable to general practice. If you value the return on your CE investments then this is the course for you!

VetPrac is providing Australian Veterinarians with an exclusive opportunity to develop and practice modern and established techniques in cruciate repair. With unprecedented access to elite surgical training equipment, you will have the chance to practice techniques, advance your skills and help your patients better than before. Classes are intimate, providing the ideal environment for building confidence in your techniques.

# PRESENTERS

## Speaker

### DR ROBERT “JEFF” MAYO

*DVM, Diplomate ABVP,  
FAVOS*

“Jeff” Mayo was born in Virginia, USA. Dr Mayo graduated from Oregon State University College of Veterinary Medicine in 1994 with honors. Prior to veterinary school, Dr. Mayo was a respiratory therapist at Duke University Medical Center a degree he earned in 1986. Dr. Mayo holds 5 college degrees from three major universities. Dr Mayo has published over 38 titles in allied health science education. Jeff has been a practice owner since 1995 but now Dr. Mayo devotes much of his practice time to learning new procedures in rigid endoscopy, orthopedics, and radiology. He began his mobile surgical practice, Mayo Veterinary Services, in early 2006. In 2007, Dr. Mayo began teaching orthopedic courses throughout the United States and abroad in small animals. He is closely connected to many clinical trials taking place in the development of orthopaedic implants and stem cell therapy as well as GIT diagnostic devices. He also speaks and teaches regularly in Radiology to wide acclaim.

### DR ANDREW MARCHEVSKY

*BVSc (Hons) MVS  
FACVSc*

Andrew is a 1988 Sydney University graduate who spent several years in general practice before training at the Veterinary Teaching Hospitals at Melbourne and Murdoch Universities between 1992 and 1999. In 1999, he became a Fellow of the Australian College of Veterinary Scientists and a Specialist in Small Animal Surgery and since then has been in private specialist practice. He has extensive experience in all aspects of surgery. His particular interests include spinal and brain surgery, cancer surgery, fracture repairs, thoracic and abdominal surgery and soft tissue reconstructive surgery.

### DR KARL MATHIS

*BVSc MANZCVS Dip  
ECVS*

Karl is a European College of Veterinary Surgeons boarded specialist in Small Animal Surgery. Karl's residency in small animal surgery was at the University of Sydney. Karl has presented at the ECVS symposium in Rome and was awarded the best speaker at the ANZCVS residents forum on the Gold Coast. He has completed internships at Queensland Veterinary Specialists, and at two Canadian centres, the University of Guelph and Veterinary Emergency Centre and Referral Hospital. Karl is currently seeing cases at the Veterinary Referral Hospital in Melbourne.

### DR. JACOB MICHELSEN

*BVSc (Hons), BSc (vet),  
MACVSc, Graduate  
Certificate Management,  
DACV*

Jacob graduated from Sydney University with honours in 1990. After two years in mixed practice in Victoria, he purchased a practice in south west Sydney, which grew to a four practice group with over thirty staff and a heavy surgical case load. Jacob moved to Denmark with his family in 2006 taking a position as chief of small animal surgery at a large hospital. A valued lecturer at Charles Sturt University, Dr Michelsen achieved DACV in 2014 and is partner in the specialist Animal Referral Centre in Canberra.
